THE SPECULATIVE MARKETS

Reports of Much Snow Caused Wheat to Take a Tumble.

ALL NEWS WAS OF A BEARISH NATURE

Pardridge is Said to Have Cleared Over a Hundred Thousand Dollars on His Deals of Yesterday-How He Managed the Work.

Suicago, Ill., March 21.-It was down grade of finance," employed as clerks by Lamson Bros. learned when too late. They were sur-reptitionally carrying 250,000 but of wheat in the name of the firm's customers, and it proved too much on a day when older muscles felt the strain. The crowd went home short on Saturday with the expectation of very cold weather over Sunday. This cold being acconpanied by snow in many places disappointed them, and in selling out they started a break which continued to increase during the day until the price was Me below Saturday's clos

Corn stood up comparatively well, but provisions succumbed to the bearish influence of wheat. Nearly everything in the way of news was of a depressing nature, particularly from

Wheat opened about Me below Saturday's close and gradually lost ac more. The early Liverpool cables quoted that market a trifle better for futures, but continental advices were discouraging and domestic markets nearly all showed a declining tendency. Milder weather was reported as probable in the southwest, though the cold was still reported as severe, but there was said to have

ported as severe, but there was said to have been a generous snowfall over a large area of winter wheat, and the apprehension of damage was greatly relieved. About the first news from abroad was that of a heavy failure in Antwerp, causing some local selling. In the northwest receipts were liberal—1,226 cars—and the selling soon lecame urgent. The shorts appeared to have covered very generally on Saturday's, but there was consequently intig or no deto have covered very generally this are not but there was consequently little or no demand from that interest. But the weakness arted the longs to liquidating and nearly everybody had some to sell.

The result was a sharp break which carried May from 84%c early to 83%c, before noon, and at 12 o'c ook the market was about 84c. Pard-ridge was a good buyer around the opening while Resseaue also had a considerable line.

at 12 o'c ock the market was about 84c. Pardridge was a good layer around the opening while Brosseau also took a considerable dine. But Baidwin-Farnum Logan, Milmine-rodman, McDougall and other leading houses had plenty for sale and promptly met the wants of buyers. Dunn also sold freely, understood to be for foreign account. The visible supply showed an increase of 322,0.0 bu. last week and helped to depress the market. The market grew weaker during the last hour and May sold off to 834c, closing easy at 834c. Pardridge, who Saturday was reckoned by some to be short 10,000,000 bu.. covered the large amount today, and would have netted \$175,000 if reports of his dealings were correct. There was some good buying for long account on the break below 834c. Foreigners were reported as free sellers of wheat at the seabourd today, and New York and St. Louis operators were also said to have sold heavily. Corn was traded in fairly but was generally weak, influenced by the depression in wheat, the liberal receipts and the general bearish. Corn was traded in fairly but was generally weak, influenced by the depression in wheat, the liberal receipts and the general bearish feeling in all pits. There was not n uch shipping inquiry. The receipts were larger than expected, but offerings were free with but little disposition to buy. May opened at 384c, sold at 384c then went off to from 384c to 384c, and at 12 o'clock 385c was bid. During the last hour kept dull and easy with May at from 384c to 384c and closed at 384c. The estimate of 1,000 cars for the week was a heavy factor. The searcity in New York forced local buyers there to take 125,000 bu, from elevators, according to a dispatch from there, and 32,000 bu, decrease in the visible supply was another feature which somewhat helped to maintain the courage of bulls.

Outs were at all times below Saturday's close. The crowd was bearish and this, with heavy selling by Norton-Worthington, was the principal cause of the weakness. May opened at 2,80, touched to from 254c to 28c and then railled to from 284c to 284c, only to react to 28c, closing at 274c. The visible supply had no effect.

Hogs were reported to be in active request at 5c improvement on Saturday's closing a un-

ply had no effect.

Hogs were reported to be in active request at 5c Improvement on Saturday's closing quotations, but the provision market made no response to the better demand for the raw material. Weakness in the wheat market encouraged a raid by local speculators which was not resisted by the packers. Ennant sold 1,000,000 pounds of May ribs. Grezg taking 500,600 and Norton-Worthington 500,000. The

decline since Saturday is 10c in pork and the same in lard and 5c in ribs. Estimated receipts for Monday: Wheat. 128 ears: corn, 100 cars; oats, 315 ears; ho_s, 22,000 nead. The leading futures ranged as follows:

New York Dry Goods Market. New York Dry Goods Market.

New York, March 21.—The dry goods market opened with a relatively quiet business at first hands and a moderate but fair trade with jobbers. Good weather was a cheering indication that there were goods moving along the channels of trade in a satisfactory manner, while nowhere is there any excess of stocks. Agents have a few goods here and there they would like to sell, but in a general way the market is well sold and many articles consierably ahead of the looms. Prices of desirable goods are steady. Nothing is yet being considered for fall. There is some cutting, as usual at this period, with jobbers and a little with agents, but there is less of it than usual.

Liverpool Markets. Liverpool., March 21.—Wheat—Steady; demand poor; holders offer moderately. Conn—Steady; demand improving. The imports of corn since January 1, have amounted to 1.671.00 quarters, against 1,016,300 quarters during the corresponding time cast OATS-Firm. BARLEY-Weak,

At today's market there was a further ad-ance of sd in English wheats; foreign wheats FLOUR-Very weak and declined to td.

Cotton Market, Cotton Market,

New York, March 21.—Cotton—Quiet and steady; sales, 121,300 bales; March, \$6.48; April, \$5.10; May, \$6.69; June, \$6.08; July, \$6.77; August, \$6.86; September, \$7.06; October, \$7.96; November, \$7.16; December, \$7.20.

St. Louis, Mo., March 21.—Quiet; middling, 6%c; sales, 14.9 bales; recepts, 1,000 bales; shipments, 700 bales; stock, 127,200 bales.

New Orleans, La., March 21.—Cotton, Steady; middling, 6%c; good ordinary, 5%c; net receipts, 3,621 bales; gross, 4,489 bales; exports to France, 556 bales; sales, 7,400 bales; stock, 426,961 bales.

British Grain Trade Review. LONDON, March 21.—The Mark Lane Express in its weekly British grain trade review says: English wheats are stronger. The average advance in prices in London is 9d, and in the provinces 6d. Foreign wheats are greatly depressed by the continued arrivals. With the slazkened demand American cargoes have dropped is, sales of California have been pressed at 28s 6d. Flour is 6d lower, corn is down 3d.

LONDON, March 21.—CALCUTTA LINSEED-38s 9d per quarter.
Linseed Oil.—18s 9d per cwt.
Refined Petholeum—544654 per gallon.
Tunpentine Spirits—38s 9d per cwt.
Livenpool. March 21.—Tunpentine Spirits—26s 9d per cwt.

Northwestern Wheat Stock MINNEAPOLIS, Minn.. March 21.—The stock of wheat in the northwest is estimated at 31.257.751 bu.. a decrease of 9.780 bu. for the week. A year ago the stock was 21.068,173 bu. Wool Market.

St. Louis. Mo., March 21.—Wool.—Re-celpts, 8,900 ibs.; shipments, none: market very dull and stocks pretty well reduced.

Traders' Talk.

CRICAGO, Ill. March 21.—F. G. Logan & Co. to J. Sands Commission Co.: The wheat market opened fairly active at \$4\footnote{\text{c}} for May. The highest point touched was \$4\footnote{\text{c}} for May. The closing was at \$3\footnote{\text{c}} e. The closing was at \$3\footnote{\text{c}} e. The reports of damage to the growing erop of Missouri. Onlo, Indiana and Michigan continue to come and they are general and widespread. English values are steady with a moderate business. Continental weak and a shade lower, influenced by fine weather. For the next week or two any opinion as to the course of the market is valueless. It is a question of weather. The business doing in corn has been light and fluctuations narrow. May sold as high as \$3\footnote{\text{c}} and closed at \$3\footnote{\text{c}} e. Our opinion is unchanged although the price has declined \$4\footnote{\text{c}} e since we advised Traders' Talk.

selling it. Shipping demand is fair but there is no No. 2 wanted, and the low grades supply all the demand. Provisions steady, with a good local trade doing principally between puckers.

CHICAGO, Ill. March 21.—Kennett. Hopkins & Co. to S. A. McWhorter: Wheat opened easier on line blanket of snow over the growing crop and milder temperature. The expectation that the visible supply would decrease upwards of 50,000 bushels held the market steady for a time, but prices gave way when it became evident that there would be an increase. Pardridge is reported to have bought about 500,000 bushels at the opening. Clearances were light, export business sinck, and it is hard to see anything to advance prices while Duluth has such large stocks and continues to undersell us. Their wheat is not only better than ours, but it is deliverable on New York contracts, while ours is not. It is expected that the amount on constant water the state of t

It is deliverable on New York contracts, while ours is not. It is expected that the amount on ocean passage wil show a good decrease, as the world's shipments have failen off 1.20,000 bushels for the week as compared with the provious week In corn and oats trade has been light and without feature. The small changes in the visible supply helped to sustain prices. The export demand for corn seems to be falling off, while receipts are increasing. Railles, we think, will be feeble and lower prices result. Provisions have been heavy all day and close weak, but on their merits they ought to be a purchase. There is, however, no speculation and no outside support.

STOCKS AND BONDS.

Little Feature of Interest Was Developed in Vesterday's Trading. New York. March 21.—The apathy of oper-ators in the stock market showed a still further increase today and the dealings in the market for the great majority of the list and during the larger portion of the day were unusually devoid of feature of interest. There was no demand for stock except the industrials, and the seiling of Reading by Philadeiphia caused a material depression in the prices of coal stocks and especially depression in Reading in the early trading, while the offering of the June dividend on the Northern Pacific at three-fourths of 1 per cent caused a similar decline in that stock. These influences were supplemented later in the day by the rise in sterling exchange rates, which served to keep the quotations of most stocks below those of the opening. During the day Richmond & West Point attained considerable prominence in the market, but after a continuation of the decline started last week it joined with the general list and remained without movement for the greater portion of the day. Among the specialties only Ohio Southern and Pullman showed any animation, but both were strong and scored substantial gains.

The strength in sugar helped the other industrials as far as maintaining a firm temper was concerned, but it failed to develop any animation in them and among the leading railroad shares; while St. Paul, Northwestern, Atchison and Union Pacific were fairly active their movements were confined to the small-cest fractions. The opening of the market was at insignificant changes from Saturday's final prices, though Delaware & Hudson was up 3 per cent. It later reacted, however, and its ioss at the close was houvy, though for a larger bus ness than one in the stock. Reading and Northern Pacific preferred were the weak points among the active shares, and the whole market responded to the declines in these shares to a limited extent. The afternoon saw a further slight depression, but no material change occurred in the market. It finally closed duil and heavy at or near the lowest prices of the day. The final losses were generally insignificant, but Delaware & Hudson is down 12 per cent, and Reading only 5 per cent, all other changes being for fractional amounts. usually devoid of feature of interest. There was no demand for stock except the industri

tional amounts.
Government bonds have been dull and steady. State bonds have been dull and Steady,

Boston Stock Market. Boston, Mass. March 21.—The following were the closing prices on stocks on the Boston stock market today: Atchison & Topeka 39 Boston & Montana Calumet & Hecla Catalpa C B, & Q 1073 Franklin Fitchburg R R 854 Kearsarge

London Stock Market. [Copyrighted 1892 by James Gordon Bennett.] [Copyrighted 1892 by James Gordon Benucit.]
London, March 21.—[New York Herald Cable—Special to The Ber.]—The absence of business has bee, very marked in the Stock exchange today, the majority of the dealers' brokers having been completely idle. Funds are steady, while Indian rupee paper has given way a per cent. Colonial corporation stocks have been well maintained. Greek bonds are also lower, but other international stocks have been well maintained. Spanish have advanced 11-16 per cent. A small improvement is established in Russian fours. Egyptian and several others of the Turk'sh issues. With one or two exceptions home railways have been more or less duil all day, especially southern lines, which have been influenced by disappointing traffic statements. Brighton deferred has fallen 2 per cent;

Southeastern deferred, 14 per cent decline. A decline was also established in Caledonia, North British Midland, Northeastern, London and Northwestern. An improvement is marked in Meiropolitan and Sneffie distocks. American ralivery have been very little dealt in, Money has been in good demand with not too abundant sumply of floating capital. Short loans, have been charged to 15 to 2 per cent in the discount market. Bills have again been scarce and those at two and three months are quoted at 1% to 1% per cent.

LIVE STOCK MARKETS.

Cattle Stronger and More Active—Hogs Scarce and Higher.

OMABA. March 21.—The week starts out with a fair run of cattle and sheep, but rather light receipts of hogs.

The general cattle market was tolerably active and in the main prices were stronger. Offerings included a liberal sprinkling of very desirable beeves. There were not a great many right choice heavy cattle here, but there were plenty of very good steers weighing from 1,120 to 1,320 nounds. Shipping and export buyers took some of the best cattle, but local dressed beef houses were the most active huyers. Some choice 1,347-ib, steers brought \$4.20 and a banch of 1,532-ib, beeves topped the market at \$4.55. Outside of these good 1,240-to 1,440-tb, steers sold at from \$4.5 to \$1.00. with common and light stuff at from \$4.5 to \$1.00. with common and light stuff at from \$1.00 to \$1.55. The nest heavy and common light cattle were folly steady, while the good medium weight steers sold strong to 5c to 10c higher than Saturday.

The supply of cows was very small, as there were hardly half a dozen full loads in the yards. All grades of butchers and canners stock were in active demand and stronger, although prices were rather uneven and trading largely in small odd bunches. Sales were from Cattle Stronger and More Active-Hogs

though prices were rather uneven and trading largely in small odd bunches. Sales were from \$1.25 to \$1.25, the bulk from to \$2.10 to \$2.85. Bulls. oxen and stags were stronger at from \$2.00

\$1.52. Calves steady.
Stockers and feeders were in active demand, principally from the regular dealers, at prices from 5c to 40c higher than the middle of last week Monroeauth versions.

CHICAGO, III. Merch 21.—[Special Telegram to THE HEE!—There was no considerable ad-vance today in the price of cattle, but the tone of the market was very firm. It was espec-ially firm for butchers and camers stock,

BUYERS.

for which there was an active demand and a moderate supply. Shipping sorts were quiet. Well fatted lots averaging from 1,003 to 1,300 ibs. sold with some freedom, but averages of from 1,400 to 1,700 lbs, were neglected, that class not being wanted either for home or export account. There was some demand from local speculators for stockers and feeders on a basis of former quotations and real values were firm. The range of prices is from \$1,25 to \$3,15. Today's sales, however, were principally at from \$2,00 to \$3,50 for steeps, helfers and buils, and at from \$3,50 to \$4,50 for steeps.

principally at from \$2.00 to \$2.00 for cows, helfers and bulls, and at from \$3.50 to \$4.50 for steers.

Receipts of hogs were larger than a majority of the trade had counted on, but values were not unfavorably effected by that fact, on the contrary, the market was stronger than on Saturday, both for light and heavy weights. The former were in active demand at from \$4.50 to \$4.55 for poor to choice qualities, while the latter sold freely at from \$4.25 to \$4.75. This is an advance of 5c. There was trading in cuits at from \$4.57 to \$4.55, and a few fancy light were taken at from \$4.00 to \$4.95. The outsilty averaged rather poor. A few prime heavy hogs were offered, but droves averaging under 223 lbs constituted the major port of the supuly and at from \$4.50 to \$4.55 were the prevaiting prices.

There was asmail advance in the sheep market, good grades generally seiling at from \$6.50 to \$4.50 for poor to extra sheep and at from \$4.50 to \$4.50 for poor to extra sheep and at from \$5.25 to \$7.00 for lambs. Sales of western sheep were largely—Cattle, 15.90; hogs. \$3.007; sheep.

Trouble in a Chicago Medical College, and Its Probable Results.

Chicago, Ill., March 21 .- A rebellion of considerable magnitude has been in progress in the College of Physicians and Surgeons on West Harrison street since Thursday, and is gathering force at each opportunity for interchange of opinion among the rebellious. Ultimatums, manifestes and resolutions have been sont and received by both the faculty and the class that has taken umbrage at what they term unfair treatment on the part of their instructors. In all previous classes examinations in anatomy were not held until the close of the second year's work. The subject is studied,

however, during the end of the first year. Thursday, Prof. Rutherford, who supervises all instruction in that study, announced that on the following Monday final examinations would be neld in esteology and myology. The announcement took the students by surprise.
"We are not prepared," was heard on all

sides. The students remonstrated, urging that as there had been a general study of anatomy only it was unfair to subject them to a test on the separate divisions of the subject, that they had not given attention to it since the middle of the term.

Saturday evening a committee from the class waited on Prof. Rutherford and in-formed him that the class had decided not to stand the threatened examination, also giv-ing their reasons for such action. The committee was told to call later for an answer They did, and the answer proved to be brief, and to the point. It read thus: "Everyone who refuses to stand the examination will be

However, the committee was informed that the examination would not be held until Friday, in order to give more time for preparation. But the "freshies" will have nothing of the kind, and even the most conservative members of the class are of the opinion that at their meeting tonight a revolution will be precipitated and the class will cede from the institution.

DeWitt's Sarsaparilla destroys such poi sons as scrofuls, skin disease, eczema, rheu-matism. Its timely use saves many lives.

Of dyspeptics lack the necessary power to digest solid foods, and as stimulants merely excite and weaken the stomach

therefore the immense value of the genuine Johann Hoff's Malt Extract as a nutritious tonic cannot be over-estimated. It not only acts as a tonic, but as nutrient as well, and the most stubborn case of dyspepsia cannot withstand its wonderful power. Write to Eisner & Mendelson Co., 6 Barclay St., New York, for a descriptive pamphlet. Look out for imitations. They are dangerous. The genuine most have the signature of "Johann Hoff" on the neck of every bottle.
